Energy Wise Landscaping

When: Tuesday, February 10th from 6:30 pm to 7:30 pm
Where: Baker County Agricultural Center

IS YOUR HOME ENERGY EFFICIENT?
Even the most energy efficient homes could become more efficient with the right plant material surrounding it.

ARE YOU SPENDING TOO MUCH MONEY ON WATER, FERTILIZER, AND PESTICIDES TO MAINTAIN YOUR EXISTING LANDSCAPE?

Energy wise landscaping involves the use of plant material around a home to reduce the home’s energy dependence. This class will teach homeowners how to adopt landscape practices which will reduce their home’s energy dependence and eliminate excessive use of water, fertilizer, and pesticides in the landscape.

There is no fee for the class but registration is required by Monday, February 9th at 5 pm. For more information call 259-3520 or email alamborn@ufl.edu.

The Institute of Food and Agricultural Sciences (IFAS) is an Equal Opportunity Institution authorized to provide research, educational information and other services only to individuals and institutions that function with non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, marital status, national origin, political opinions or affiliations.
