Non-Traditional Gardening

Come learn about new and fun ways of growing vegetables and other plants.

When: Tuesday, December 2nd from 6 pm to 7:30 pm
Where: Baker County Extension Office (Agriculture Center)

- This class is designed to teach homeowners and small farm owners new and different ways of growing more plants in less space.

- Topics will include hydroponic gardening (water culture), vertical gardening, bag culture, square foot gardening, container gardening, and rain gardens.

- There will be live demonstrations and take home materials will be available to help get you started with your new non-traditional garden.

- Participants will also receive a free lettuce transplant.

There is a $3 fee for materials due by Monday, December 1st at 5 pm
