Annual 4-H Benefit Auction is a Success

On May 6th, UF/IFAS Extension's Baker County 4-H Association held its 4th annual auction fundraising event. This event encourages youth life skill development through visiting local businesses and individuals, telling them about the 4-H program, and asking for donations. From donations for the live and silent auctions, we received over \$5000 that will be used towards camp scholarships, camp transportation costs, classroom embryology support, and to raise money for a 12 passenger van for the 4-H program. Baker County 4-H is so appreciative to the community for their support of the program as well as the youth and families that gave their time and efforts to make the event a success. Our donors for the 2017 auction were:
